PROFILE

As a person, I'm friendly, open-minded and I always put good fellowship before the individual. I enjoy working with diverse teams and solving problems. I'm passionate about using the latest technology to create user-friendly solutions. In addition, I learn quickly to familiarize with new technology and systems which are of benefits for the company. I'm looking for a role where I can contribute my skills in software development and teamwork to make a positive impact and take my career forward.
